Table of Contents

Introduction	ix
Section 1 - Fiber Rope	
Objectives	1.1
Construction and Identification	1.1
Construction	1.1
Identification	1.2
Size	1.2
Material	1.2
Working Load	1.3
Inspecting	1.6
Handling	1.7
Whipping	1.8
Knots	1.10
Square Knot	1.11
Bowline	1.12
Bowline on a Bight	1.13
Sheet Bend	1.14
Hitches	1.15
Half Hitch	1.15
Rolling or Stopper Hitch	1.16
Clove Hitch	1.16
Timber Hitch	1.17
Review Questions 1	
Questions	1.18
Skills Practice 1	
Exercises	1.22
Section 2 - Wire Rope	
Objectives	2.1
Construction and Identification	2.1
Wire	2.2
Strands	2.3

Exercises	2.42
Section 3 - Slings and Hitches	
Objectives	3.1
Slings	3.1
Sling Configurations	3.2
Endless Sling	3.2
Single Part Sling	3.3
Bridle Sling	3.3
Sling Materials	3.4
Wire Rope Slings	3.4

Job Training Systems, Inc. Call: (800) 344-0868

Synthetic Slings	3.5
Synthetic Web Slings	3.6
Round Synthetic Slings	3.8
Chain Slings	3.8
Metal Mesh Slings	3.11
Proper Use and Application of Slings	3.12
Inspection	3.13
Inspecting Wire Rope Slings	3.13
Inspecting Synthetic Web and Round Slings	3.15
Inspecting Chain Slings	3.16
Inspecting Metal Mesh Slings	3.18
Hitches	3.19
Single Part Hitch	3.19
Choker Hitch	3.20
Basket Hitch	3.21
Variations	3.22
Bridle Hitch	3.22
Double Choker Hitch	3.23
Double Wrapped Choker Hitch	3.23
Double Wrapped Basket Hitch	3.24
Rated Capacity of Slings	3.24
Review Questions 3	
Questions	3.26
Skills Practice 3	
Exercises	3.33
Section 4 - Rigging Hardware	
Objectives	4.1
Hooks	4.1
Types	4.1
Eye Hook	4.2
Clevis Hook	4.2
Swivel Hook	4.3
Sorting Hook	4.4
Choker Hook	4.4
Web Sling Hook	4.5
Safety Latches	4.5
Selecting the Proper Hook	4.6
Inspecting Hooks	4.7

Shackles	4.8
Types	4.8
Proper Use and Application	4.10
Selecting the Proper Size Shackle	4.13
Inspecting Shackle	4.14
Eye Bolts	4.15
Types	4.15
Forged Bolts	4.15
Proper Use and Application	4.16
Selecting the Proper Size Eye Bolt	4.18
Inspecting	4.22
Lifting Rings	4.21
Types	4.21
Proper Use and Application	4.21
Inspecting	4.22
Turnbuckles	4.23
Types	4.23
Proper Use and Application	4.24
Inspecting	4.25
Beam Clamps	4.26
Types	4.26
Locking I-Beam Clamp	4.26
Beam Angle Clamp	4.27
Adjustable Girder Clamp	4.28
Adjustable Scissor Girder Clamp	4.29
Proper Use and Application	4.29
Inspecting	4.30
Lifting Clamps	4.31
Types	4.31
Locking Screw	4.31
Vertical Nonlocking	4.31
Locking Clamps	4.32
Horizontal Nonlocking Clamps	4.32
Proper Use and Application	4.33
Inspecting	4.33
Trolleys	4.34
Types	4.34
Proper Use and Application	4.34
Selecting the Proper Trolley	4.35
Inspecting	4.35

Section 6 - Load Weight, Center of Gravity, and Weight Distribution	
Objectives	6.1
Determining Load Weight	6.2
Units of Weight	6.2
Calculating Load Weight	6.4
Practical Considerations	6.10
Estimating	6.10
Weighing (Dynamometer)	6.12
Determining Center of Gravity	6.13
Importance of Stability	6.13
Using Measurements	6.16
Using a Model	6.17
Lifting, Weighing, and Measuring	6.19
Weight Distribution	6.25
Review Question 6	
Questions	6.27
Skills Practice	
Exercises	6.31
Section 7 - Load Attachment and Movement	
Objectives	7.1
Load Attachment	7.1
Spreaders and Equalizer Beams	7.1
Protecting the Load	7.5
Softeners	7.5
Slings	7.7

Job Training Systems, Inc. Call: (800) 344-0868

Spreaders	7.7
Custom Fabricated Equipment	7.7
Roll Out	7.8
Load Movement	7.8
Turning Loads	7.9
Using a Single Hoist	7.9
Using Two Hoists	7.10
Drifting Loads	7.11
Tag Lines	7.15
Signaling	7.17
Review Questions 7	
Questions	7.21
Skills Practice 7	
Exercises	7.24
Section 8 - Hardware Selection and Sizing	
Objectives	8.1
Hardware Selection	8.1
Selecting a Hitch	8.1
Selecting the Sling	8.2
Selecting the Fittings	8.3
Shared Load Weight and Load Angle	8.3
Shared Weight	8.4
Load Angle	8.6
Impact Loading	8.15
Hardware Sizing	8.16
Sizing a Four-Sling Bridle	8.24
Sizing with a Choker Hitch	8.25
Sizing a Basket Hitch	8.30
Sizing Eye Bolts	8.33
Sizing a Hoist for an Angular Lift	8.35
Review Questions 8	
Questions	8.37
Skills Practice 8	
Exercises	8.41

Section 9 - Rigging Planning

Objectives	9.1
Rigging Planning	9.1
Defining the Task	9.2
Designing the Lift or Move	9.2
Communicating	9.4
Timetable	9.4
Responsibilities and Approvals	9.4
Pre-Job Meetings	9.4
Preparing	9.5
Reviewing Compliance Issues	9.5
Defining and Safeguarding Hazards	9.5
Using a Planning Guide	9.6
Rigging Planning Guide	9.7
Review and Skills Demonstration	
Exercise	9.8
Glossary	G.1
